

UNC Health Sciences at MAHEC Commitment Statement on Countering the U.S. Opioid Epidemic

UNC Health Sciences at MAHEC is committed to partnering with National Academy of Medicine (NAM) Action Collaborative on Countering the U.S. Opioid Epidemic to implement and disseminate systems-level solutions that reduce opioid misuse and improve outcomes for individuals, families, and communities adversely affected by opioids. MAHEC's leading coordinated efforts that align with North Carolina's Opioid Action Plan and the NAM Action Collaborative's top priority focus areas.
